

Celine Parot
Qualifying National Marketing
Director
Registered Nurse, BSN
Jacksonville, Florida

Celine has spent the last 14 years working as a Registered Nurse in the areas of GI Medicine, GYN Oncology, Urology and Post-Anesthesia Recovery. She now spends most of her time out in the community teaching children and parents about healthy eating and the power of prevention.

Celine first became interested in Juice Plus when her daughter, Sarah, was born with a variety of auto-immune issues. Growing up with a father that was well-educated in nutrition, Celine decided to use those principles to help her daughter through her crisis. After adding Juice Plus and changing Sarah's diet, Sarah's health improved immensely and she is now a very healthy 7 year old little girl who enjoys life to its fullest!

Celine first considered the Juice Plus business opportunity when her own pediatrician became interested in offering Juice Plus in her practice. Since then, Celine's business has grown exponentially over the past 4 years and last year, Celine retired from her career as a nurse and now is staying home with her two children. In 2007, Celine became a member of the 12 club and is now working passionately to reach her goal of National Marketing Director.

“Being a Juice Plus distributor is the most rewarding career that I have ever had and I feel passionate about sharing this business with others. I have the joy of being around people who are not only entrepreneurs but they are also some of the most positive and motivating people I have ever met. To me, Juice Plus is not a job. It is a way of life and I couldn't imagine myself doing anything else!”
