

## Jeff Roberti

Number One NMD  
Sarasota, Florida

Jeff Roberti is both an icon with NSA and in the Network Marketing Industry. Jeff earned his title as NSA #1 Income earner just one year in the business and never looked back. During his first three years in the business, NSA sales went from a million a month to a million a day. In 20 years he has earned over \$60 million in commissions with NSA. His distributorship spans over 20 countries. In the Network Marketing Industry, Jeff's story is often used by other distributors and companies to demonstrate the potential of this industry. His story with NSA is one of the most recognized and published stories in the history of Network Marketing.

However, Jeff's unique accomplishments are only part of the story. Jeff has worked tirelessly throughout the years to give back. He has supported many charities including the Make A Wish Foundation, United Cerebral Palsy, American Cancer Society and a host of other children's charities. These days Jeff is as involved in charitable work as he is in his NSA business. While Jeff continues to build his own NSA business every day, his primary focus with NSA is teaching others how to succeed with NSA. Jeff's role as a Distributor Ambassador with NSA has allowed him to continue to build his own business but contribute at a much higher level by working with all the distributors in NSA.

There is an old adage in life – we all live our lives as an example or a warning. Those who are “An Example” both succeed and contribute at a level beyond the comprehension of most people. Both these areas define Jeff Roberti. Today, Jeff's passion to achieve and contribute as such a high level is the foundation of his being. He operates with humility about his accomplishments in the past, but yet is driven every day to make the future a much bigger part of this legacy. It is this resolve that continues to make Jeff a respected leader, great teacher, trusted friend and a compassionate philanthropist.
